Name_____Chemistry I: Equations: **Composition 1**

Period_____ Date_____

Write and balance the following chemical equations:

1. sodium + oxygen	
2. calcium + oxygen	
3. potassium +fluorine	
4. sodium + chlorine	
5. magnesium + sulfur	
6. calcium + bromine	
7. magnesium + nitrogen	
8. sodium + sulfur	
9. silver + iodine	
10. aluminum + chlorine	
11. carbon + hydrogen	
12. aluminum + oxygen	
13. iron(II) + sulfur	
14. iron(III) + oxygen	
15. lead (IV) + phosphorous	
16. tin(II) + fluorine	
17. iron (III) + oxygen	
18. copper(II) oxygen	
19. lead(II) oxygen	
20. copper (I) + chlorine	
21. tin (IV) + sulfur	
22. chromium(II) + oxygen	
23. phosphorous(V) + oxygen	
24. lead(IV) + hydrogen	
25. copper(I) + oxygen
